Whole Herd Reporting	5

WHR Due January 31, 2013

Whole Herd Reporting was mailed to members in November. If you have not received your report, please contact the SCBA office right away. The deadline for returning payment to SCBA for WHR is January 31st, 2013. The SCBA office will not be extending any “grace period” for late entries. Any report received February 1st or later will be assessed a late fee of \$5 per animal, or in cases of volume discount 50% of the WHR fee, whichever is less.

We offer two payment options for WHR: Full payment or 50% payment. The choice is yours. If you choose 50% payment, the second half of the WHR invoice is due no later than August 1, 2013. As we have done in the past, if you enroll a cow into WHR in January and choose to remove her from the program before the second payment is due, you can receive a 50% refund.

Steps to receive refund for 50% refund for WHR cows that are culled in 2013.

1. Return the certificate of the cow you wish to cull to the SCBA office before August 1, 2013
2. Include the disposal code for the cow.
3. SCBA will issue a 50% credit for the cow to your invoice.

NEXT BOD MEETING – ATLANTA, GA

The SCBA Board of Directors will be meeting in Atlanta, GA February 22nd & 23rd, 2013. As always, all members are welcome to attend this meeting. For the hotel details, see right:

Crowne Plaza
Atlanta Airport Hotel
1325 Virginia Avenue,
Atlanta, GA 30344
Telephone: 404-704-1424

If you are not a board member and you are planning to attend this meeting, please contact the SCBA office so we can include you on the room block and have adequate seating prepared for you in the conference room.

Website Improvements

The SCBA website has added the following (5) improvements to better serve our membership:

LOST PASSWORD UNLOCK

In an effort to protect your account from hackers, the SCBA database only allows for (3) three tries before the password will be disabled and you are locked out of the database. This can be very frustrating and in the past the only way to get your account unlocked was to contact the SCBA office. This is now changed. If you find yourself locked out of the database, you can follow these easy steps to get logged into the database.

Step 1: Once you have been logged out, the database will prompt you to reset your account manually.

Step 2: The database will ask you to enter your user name. For most people, your user name is also your membership number

Step 3: The database will then send you this message telling you that an email was sent and to click the link in the email to reset your password.

Step 4: Once you click the link in the email, you will be prompted to reset your password.

We hope you like this new service and that it works for you. If you do not have an email address on file, please contact the SCBA office so your account can be updated.

Donor Dam Report was developed.

DONOR DAMS REPORT

In a board meeting last year, it was brought to our attention that animals that are being registered from frozen embryos, where the dam has died, are no longer receiving EPDs on their registration certificates. This is because the database only allows EPDs to print if the dam is enrolled in WHR. To overcome this issue, the

This report is a free service and so long as the breeders note on the report that the dam on their report does have frozen embryos, which may be registered at some date in the future, the registration certificates for the progeny of these dams will always have EPDs. We ask you send this report to the SCBA along with your WHR so we can update your records.

Senepol News

TRANSLATION SERVICES ON WEBSITES

You many have noticed that the website now offers a translation service for Spanish and Portuguese. To use the translation, simply use the pull down menu and select the language you wish to use. Because the translating software automatically translates the page literally, there are some words and phrases that are not perfect. If you wish to volunteer your time to help correct the translations, please contact the SCBA office and you can be included on the editor list to make the website clear and understandable to all.

Prepaid Services

If you find yourself registering cattle and then seeing the following screen, this program might be for you.

This screen means that you have an open invoice in the system and your

registrations and/or transfers are being held in the holding tank until payment is received. Typically, breeders who register a lot of E.T. animals or who do not participate in WHR will find themselves paying for registrations one at a time.

When an animal is in the holding tank, it is not possible to view the animal's information online, nor is it possible to use that animal to register future animals until payment is received.

The solution is called "Prepaid Services". This service allows you to pay up front for your registrations and transfers without the disruption of paying for each service one at a time. Many of our affiliated associations use this service and it works well.

Prepaid Services are not refundable, but can be used at any time. If you think this might be a service that will work for you, please contact the SCBA office to discuss it further and get your account set up.

BOARD OF DIRECTORS PAGE ON WEBSITE

On the SCBA website, a page has been added to provide information on the members who serve on the Board of Directors. This page can be found under “Contact Us” and “Board of Directors”.

The board members’ titles, names, email addresses, term expiration dates and the regions these directors

represent are all included on this page. Additionally, if you click the name of the director, it will take you directly to a biography page for that member.

Introducing New Board Member, Dr. Anneris Paredes-Zaglul

Dr. Paredes-Zaglul was born and raised in Santo Domingo, Dominican Republic, where she finished Medical School at the Universidad Autónoma of Santo Domingo in 1986. That same year, after marrying Jose Zaglul, Anneris moved to Madrid, Spain where she advanced her studies. After living 3 years in Spain, she moved to Tampa, Florida where she completed a residency training in Anatomic and Clinical Pathology graduating from the University of South Florida, and worked in colon research at Moffitt Cancer Center and Research Institute until 1997. Anneris and Jose have three sons, she has been very involved in her children's education participating as board member of the PTA of Tampa Palms Elementary directing several programs; and past president of the Mary Help of Christians School Parents Club. She has been actively involved in the family owned cattle ranch in the eastern part of Dominican Republic, Hacienda El Morro. Working with her mother and her brother Felix, they have raised purebred and composite Senepol Cattle.
